

# An update from Housing New Zealand new housing for 30-34 Hokonui Road and 22-24 Portage Road, Otahuhu

JUNE 2018

## Background

The Housing New Zealand site at 30-34 Hokonui Road and 22-24 Portage Road, Otahuhu currently accommodates nine homes.

These homes no longer match demand, do not make the best use of our land, and are not designed to meet the needs of today's tenants.

We will be redeveloping and replacing the existing houses with modern, healthy, warm, dry homes that support contemporary living and complement the local environment. The new homes will be designed and built to modern standards and will include double glazing, insulation and modern materials and fittings inside and out.

## What will be built?

Housing New Zealand is building 42 new homes:

- 24 one-bedroom apartments (four-storey apartment building)
- 18 two-bedroom apartments (three-storey walk-up blocks)

Building 42 homes where there were only nine makes the most of the sqm site and will enable Housing New Zealand to better meet demand for social housing in the area.

## How will the site works be managed?

Auckland Council has granted Housing New Zealand Resource Consent for this development, which has been architecturally designed. The homes will be built by Housing New Zealand in collaboration with a construction partner.

Housing New Zealand will aim to minimise any disruption to the neighbourhood caused by construction activity. All site works will be carried out in accordance with Council

requirements. These include things like the hours when work can be carried out, where contractors can park their vehicles, and how noise and dust are controlled.

## What happens once the project is finished?

Once the new homes are completed, we will match them to eligible people from the social housing register who need a home of the type included in the development.

## Expected timeline

- 1 September 2016  
Work starting to demolish/remove existing homes
- 2 October 2017  
Building works expected to start
- 3 Late 2019  
New homes complete
