

New Housing coming to Reeves Road, Pakuranga

Public Housing in Pakuranga

Public housing has been part of the Pakuranga community over many years. It is now more important than ever with over 300 individuals or families waiting on the Social Development (MSD) Housing register awaiting one of our homes in the local area. A warm, dry home within a supportive community, provides tenants with stability and a place to call home.

What will be built?

Kāinga Ora has entered into a contract with developer, Project Urban Ltd, to deliver 12 new homes at 10-12 Reeves Road, Pakuranga.

These homes will be a mix of two-, three- and four-bedroom, terraced style houses with 15 parking spaces available for tenants. Kāinga Ora will take ownership of the homes once the development is complete, which is estimated to be July 2025.

Purchasing new builds from developers, as we are doing with this development on Reeves Road, is one of the ways Kāinga Ora can deliver much needed public housing in the area.

How will the site works be managed?

This development has been granted resource consent and construction will get underway in March 2024.

Kāinga Ora and Project Urban Ltd will aim to minimise any disruption to the neighbourhood caused by construction activity. All site works will be carried out in accordance with council requirements as set by the resource consent.

This include things like the hours when work can be carried out, where contractors can park their vehicles, and how noise and dust are minimised.
