

24 May 2023

Dear Neighbour,

UPDATE ON NEW DEVELOPMENT AT 4-10 KETTLE STREET, POINT CHEVALIER

As someone who has an interest in this site, we wanted to let you know that site works will soon begin. Our build partner for this project is Penny Homes Limited.

Our intention is to better utilise large sections of land, currently occupied by a small number of old houses. We will do this by building a greater variety of new, warm and healthy homes, designed to meet the needs of today's tenants.

The redevelopment of these properties will see the four old homes replaced with nine new warm, dry, modern homes. These will be made up of:

- 2x two-bedroom homes
- 6x three-bedroom homes
- 1x four-bedroom home

What will be happening?

The next stages of work on this site will involve civil works and ground remediation - this includes filling and compacting the ground levels, excavation for foundations and the installation of services, i.e. drainage. These works will commence in June 2023 and will take approximately **four months** to complete. Once civil works have been completed, construction work will start. This site is estimated to be completed in December 2024.

Hours of work

Working hours will take place between 7.30am and 6.00pm from Monday to Saturday. This does not apply to quiet activities, such as site set up or staff meetings, which can occur outside of these hours. There will be no work on Sundays or public holidays.
