

Kia Ora,

93 Ranolf street & Malfroy Roadside – Boundary fence removal and new fence installation

Maxion Civil has been engaged by Kainga Ora – Homes and Communities to complete civil and construction works at 93 Ranolf street, Rotorua. This work is being done as part of housing redevelopment plans for this land.

We expect to start removal of the existing boundary fence with neighbours from day 17/05/2022, with work planned to be carried out between 7.30am to 6pm Monday to Friday and 7.30am to 12pm on Saturday. This work will involve demolition of existing fence, drilling of fence post and installation of 1.8m vertical paling timber fence & 1m vertical batten boundary fence and the work is expected to complete by 08/06/2022.

This work will involve the use of machinery such as excavators, trucks, and other heavy equipment. This work will be staged and sequenced to minimise nuisance to neighbours, however because of its nature, it may be noisy and dusty at times.

We will have fencing and health and safety signs erected around the site, and our on-site manager will be available if you have any concerns

We would like to thank you in advance for your co-operation.

If you have any questions please do not hesitate to contact

Monica Quirke
