

3 August 2021

Dear Neighbour,

### **What's happening in your neighbourhood?**

We would like to thank you for the communities input into our early engagement around Church Street.

As mentioned in June, we have been investigating the possibility of new states homes on our property at 512-518 Church Street.

Since then we have come up with some very early plans for approximately 60 medium density homes on this 10,000sqm site.

As mentioned, these plans are still in the early design stages, and could change over time.

While we undertake more design and refine our plans, we will be keeping you updated. We will soon be hosting a drop in session where you can find out more, talk with us and share your feedback on these designs. We will send you an invite once we have confirmed a day, time and location of this drop in session.

In the meantime, we want to hear the voices of our community and stakeholders to ensure we are building neighbourhoods, not just buildings. Go to (<https://www.surveymonkey.com/r/J76D3CG>) to give us your thoughts.

We will keep in touch regarding our development on this site. In the meantime, please contact me if you have any queries.

Thank you,

Angela Williams  
Senior Stakeholder Relationship Manager
