New homes for 13-15 Steere Place, Tikipunga

Kāinga Ora – Homes and Communities is leading the largest government housing build programme in decades to help address the country's housing shortage. Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm, healthy homes, designed to complement the local environment and meet the needs of today's tenants.

We have been working on a plan to deliver warm, dry homes, built to modern building and design standards at **13-15 Steere Place, Tikipunga**.

As a person and/or whānau who has an interest in this site, we wanted to confirm that this work is now underway. Our build partner for this project is **Iconiq Group**.

The redevelopment of these properties will see the construction of **four** warm, dry, modern homes. These will be made up of:

- **1 two-bedroom home**
- **1 four-bedroom home**
- **2 five-bedroom homes**

We are looking forward to seeing the brand new housing that will take shape in the coming months.

If you would like more information on this project, including the site plan, landscaping plan, and artist impression, please visit our website at:
