### **Potential Housing development – 64B Turner Street, Kaeo**

Kāinga Ora – Homes and Communities is leading the largest government housing build programme in decades to help address the country's housing shortage. We are replacing many of our older state homes, particularly those that don't make the best use of land and weren't designed to meet the needs of today's customers.

Kainga Ora is considering a plan to deliver a warm, dry home, built to modern building and design standards for **64B Turner Street, Kaeo**. As a person and/or whānau who has an interest in this site, we wanted to let you know.

This development will see a new warm, dry, **three-bedroom home** built.

We have spoken with our customers who may be directly affected by our plans and will support them through any redevelopment that may occur.

We will be in touch again with details about the contracted providers when this has been confirmed.

For more information on the Northland Housing Programme, please visit our website at:
