## Exploring opportunities for new housing in Eden Crescent

To help meet the urgent need for more housing in Invercargill, Kāinga Ora – Homes and Communities is looking at how we could redevelop our site at 31 Eden Crescent, Glengarry Invercargill.

To explore possibilities, we have early design schemes for 3 x 2-bedroom accessible homes on the site. They would all be single story. An image of the draft plans is below. Please note that as the plans have not been consented yet, they are likely to change.

You may notice some activity on the site, including contractors on the property doing site investigation and survey work. This work will help to inform the upcoming building consents.

### Who is Kāinga Ora?

We are New Zealand's largest residential landlord and largest client of residential building services. We partner with other agencies, local government and iwi, as well as private partners, to deliver the Government's housing priorities and help develop sustainable, inclusive and thriving communities.

### Keeping in touch

We're committed to keeping the community informed on what's planned for in the neighbourhood, so as the project progresses, we'll get in touch again.
