

# Matamata-Piako update

*Lear Street, Morrinsville*

## Kia ora neighbour,

With the strong and increasing demand for housing in the Waikato, Kāinga Ora – Homes and Communities has a large build programme underway.

We are on track to build and purchase over 1000 new modern, warm and dry homes in the region between 2023 and 2025.

Here is a snapshot of activity occurring in Morrinsville and Matamata.

## Kāinga Ora

The primary role of Kāinga Ora is to provide public housing, but we also administer a range of products to help people into home ownership and partner with Council's on larger community developments.

We not only work directly with people living in our homes, we also rent or lease properties to community organisations working with whānau for supported housing. We are investigating the best use of all our houses to ensure they meet the needs of our customers. The homes that are currently being planned and built are part of our response. Future redevelopment projects are being looked at as 70% of our homes were built prior to 1980.

## Healthy Homes

Kāinga Ora currently has 200 homes in Matamata-Piako District. The Residential Tenancies (Healthy Homes Standards) Regulations (2019) sets out minimum standards for heating, insulation, ventilation, moisture ingress/drainage, and draught-stopping. Kāinga Ora has to ensure all homes across our portfolio comply with these standards by 1 July 2024. All our homes now comply with the standards.

## Who will live in the new homes

Kāinga Ora will match homes to families to be their long term homes, with priority given to those in greatest need, while considering location due to work, wider whaanau, and education.
