

Ōtorohanga and Waitomo update

JUNE 2023

View from Lawrence Street

Kia ora neighbour,

With the strong and increasing demand for housing in the Waikato, Kāinga Ora – Homes and Communities has a large build programme underway. We currently have plans to build over 850 new modern, warm and dry homes in the region over the next few years.

Here is a snapshot of activity occurring in Ōtorohanga and Te Kūiti.

Kāinga Ora

The primary role of Kāinga Ora is to provide public housing, but we also administer a range of products to help people into home ownership and partner with Council's on larger community developments.

We not only work directly with people living in our homes, we also rent or lease properties to community organisations working with whaanau for supported housing. The homes that are currently being planned and built are the first homes Kāinga Ora are developing in the Districts since before 2000. Future

Who will live in the new homes

Kāinga Ora will match homes to families to be their long term homes, with priority given to those in greatest need, while considering location due to work, wider whānau, and education.

Community Engagements

Community Engagement is ongoing. Over the past six months we have engaged with the Ōtorohanga and Te Kūiti communities through individual conversations, emails, and letters. Through these conversations, we have been able to talk through plans and hear concerns, feeding these back to the appropriate Kāinga Ora staff to incorporate in our planning.

Healthy Homes

Kāinga Ora currently has 130 homes in Ōtorohanga and Waitomo Districts. The Residential Tenancies (Healthy Homes Standards) Regulations (2019) sets out minimum standards for heating, insulation, ventilation, moisture ingress/drainage, and draught-stopping. Kāinga Ora has to ensure all homes across our portfolio comply with these standards by 1 July 2024. Work is underway in the Districts to ensure all our homes meet these standards. As at 30 June 2023, 122 now comply, 7 have work in progress and the remaining 1 will be completed before July 2024.
