s 9(2)(a)

Tēnā koe s 9(2)(a)

Thank you for your request of 20 May 2024 for the following information under the Official Information Act 1982 (the Act):

“Can you please provide me with a breakdown of the number of Kainga Ora developments that have been completed across New Zealand, between 2017 and 2023?”

Please also provide a breakdown of the location of each development (this could be grouped into regions).

And please provide the cost of each development.”

The reply date was extended to 17 July 2024 under section 15A(1)(b) of the Act as ‘consultations necessary to make a decision on the request are such that a proper response to the request cannot reasonably be made within the original time limit’.

Kāinga Ora has completed its consultation and can provide you with the information requested as attachments. Appendix 1 provides a list of 2,000 developments completed between 1 July 2017 and 30 April 2024. Appendix 1 also provides a breakdown of these projects by Territorial Local Authority, project cost as recorded, and the financial year the project was completed.

Project costs are as recorded in Kāinga Ora project files. While most project costs will reflect actual cost, there are records that reflect the transfer of costs between projects, incomplete records or errors.

The projects delivered public, supported and CHP lease portfolio homes. These are defined below.

- Public homes are those rented to tenants through a residential tenancy agreement.
- Supported Housing is made up of Community Group Housing and Transitional housing.
 - Community Group Housing is where Kāinga Ora rents or leases homes to a support service provider. We provide the home. The provider holds the relationship with the people living in the home and the extra services they need to live well.
 - Transitional housing is when Kāinga Ora leases properties to various government-funded third parties to provide short-term accommodation for people in urgent need. The temporary accommodation is used to help people stabilise their living situation, before moving to a more permanent housing solution.
- Community Housing Provider lease properties are those owned by Kāinga Ora but leased to and operated by Community Housing Providers (CHPs). For example, to support Māori Housing initiatives, Kāinga Ora leases properties to Te Āhuru Mōwai (established by Ngāti Toa) as part of the Western Porirua Housing Partnership Project.

The “method of acquisition” reflects whether the new homes were:

- redevelopments – led by Kāinga Ora, new homes constructed on existing Kāinga Ora land.
- acquire new – new homes and land purchased directly from a developer.

Projects vary from single storey homes to several buildings on one site. Project cost is influenced by the type of buildings, method of acquisition, bedroom size and mix, and other attributes of the project.

Please note that Kāinga Ora proactively releases our responses to official information requests where possible. Our response to your request may be published at kaingaora.govt.nz/publications/official-information-requests/ with your personal information removed.
